The North American Home Furnishings Association (NAHFA) was founded in 2013 with the merger of the three largest home furnishings retailer associations in the U.S. The NAHFA is North America's largest organization devoted specifically to the needs and interests of home furnishings retailers, with more than 1,800 members representing more than 7,000 storefronts across all 50 states and several countries. Association offices in the East, West, and Central United States provide members with programs, resources, services, and a unified voice in government relations by partnering with home furnishings industry suppliers, vendors, affiliates, and other organizations.
